Change

Hit the town in the cold of the night  
Looking round for the  
Warmth of the light  
There was fog all around  
So I guess no one saw me arriving

I was tired and awake for some time  
Then my lights hit a welcoming sign  
It said if you're alone  
You can make this your home  
If you want to  
Owww

Searchin, searchin (for so long)  
Searchin (searchin)  
Searchin, searchin (i  
Just wanted to dance)

Stepped outta the night  
It was brighter inside  
Someone come and asked me my name  
Taken back by surprise  
What I saw with my eyes  
A girl in a love's disguise

She said stop! stop! stop!  
Get out your heart  
Haven't got a lot  
But play the part  
Mister stop! stop! stop!  
Get out your heart  
What I've got's hot stuff  
The night is ours

Coffee glass that had  
Fell from my hand  
Like a child couldn't  
Quite understand  
What was I doin' there  
Far away from nowhere  
On my own

I was tired and awake for some time  
Just the light playing  
Tricks with my mind  
Was she there in a crowd  
Was the music too loud  
Was I dreaming

Searchin, searchin (for so long)  
Searchin (i don't want  
Romance I just want my  
Chance searchin)  
Searchin, searchin (yeah)

Just came by here by chance  
Only wanted to dance,  
No news, no her, no, no, no one  
Taken back by surprise  
What's in front of my eyes  
This girl in a love's disguise

She said stop! stop! stop!  
Get out your heart  
Haven't got a lot  
But play the part  
Mister stop! stop! stop!  
Get out your heart  
What I've got's hot stuff  
The night is ours
