

# Foolin' Around

## Changing Faces

You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around

We used to be so close  
And now things have changed  
It's not the same, no, no  
Since I heard you calling her name  
So quick to tell me that  
She was just a friend  
I don't want to hear the same lie again, again

I got a hunch  
Something ain't right, no, no  
This is no illusion  
I've come to this conclusion that...

You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around

I can't believe that I, was fooling myself  
When all along oh yes you were with someone else  
No more games, I'm letting you go your way  
Cause three is a crowd, so I'm giving you your space

I got a hunch  
Something ain't right, no, no  
This is no illusion  
I've come to this conclusion that...

You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around

Ooh, oh  
Oh boy you're...

You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around

You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around

I gave you the chance to give me romance  
I was there for you boy and you know it's true  
See you're weak not strong you should have held on  
Cause toys are for boys

You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around  
You're foolin' around  
Foolin', foolin' around
