

I Told You

Changing Faces

You told me, I heard it all before
You lied to me, can't take no more
Have I told you lately, mmm
How much you mean to me, heh
You are my lady, heh
And it's no mystery, mm-mm

What you do to me
See I know I done you wrong, oh yeah babe
But baby I just wanna move on
See I wish I could do it all over again, heh
'Cause I would never ever hurt my best friend
Baby I know I told you once before

Girl, I told you - you told me
That I loved you - I heard it all before
I told you that I cared - can't take no more
I told you - it's too much
I'd be there for you - you lied to me
Forever - you told me I was the only one
You don't believe me - boy I don't
Don't mistreat me - it's too much
Girl I'm sorry - it's not good enough
I'm on my knees - boy just get up
See I told you - you told me
That I loved you - I heard it all before
Forever - you told me we'd be together for life

It's so hard to forget
All the pain you put me through
How could you throw it all away
And expect me to stay
You went away

There's nothing more in this world
I'd rather have
Than to come back
If you'd only think with your head above
Then maybe we'll still be in love, yeah
Boy, you told me

Girl, I told you - you told me
That I loved you - I heard it all before
I told you that I cared - can't take no more
I told you - it's too much
I'd be there for you - you lied to me
Forever - you told me I was the only one
You don't believe me - boy I don't
Don't mistreat me - it's too much
Girl I'm sorry - it's not good enough
I'm on my knees - boy just get up
See I told you - you told me
That I loved you - I heard it all before
Forever - you told me we'd be together for life

It's funny how, how things have changed
Since I've fallen out of love with you

I'm not in love, not like before
Don't need you in my life no more

Please babe, I'm begging, please stay
I wanna be with you - I wanna see you babe
Please won't you stay with me - stay girl - no, no, no, no
Girl without you, I will die - no, no, no, no
Baby please, can we try? Please try - no, no, no, no
I'll do what I gotta do, to be with you
For life

Girl, I told you - you told me
That I loved you - I heard it all before
I told you that I cared - can't take no more
I told you - it's too much
I'd be there for you - you lied to me
Forever - you told me I was the only one
You don't believe me - boy I don't
Don't mistreat me - it's too much
Girl I'm sorry - it's not good enough
I'm on my knees - boy just get up
See I told you - you told me
That I loved you - I heard it all before
Forever - you told me we'd be together for life

Girl, I told you - you told me
That I loved you - I heard it all before
I told you that I cared - can't take no more
I told you - it's too much
I'd be there for you - you lied to me
Forever - you told me I was the only one
You don't believe me - boy I don't
Don't mistreat me - it's too much

Hey yeah
Girl I love you
Baby I'm sorry
Forgive me please
Take me back - no babe
Take me back - no
