

# Don'T Be Good

Chantal Kreviazuk

Do do do do do do do do  
Do do do do do do

Well, I don't know when you learn it  
But when you learn it you learn it fast  
They're the ones who love to learn  
And they're not fast they're nice guys  
They finish last

They're waiting and wondering  
Where did I go wrong

Don't be good, don't be good  
Don't be good to me  
Don't be good, though you should  
That won't work you see

Do do do do do do do do do do do do do do do do

Well I don;t know when I learned it  
But when I learned it I learned it fast  
They;re the ones that love to love me  
They're not fast they're nice guys  
They finish last

They're waiting and wondering  
Wondering where did I go wrong

Don't be good, don't be good  
Don't you be good to me  
Don't be good, though you should  
That won't work for me

Ah ah ...  
Ah ah ah ah ah ...  
Ah ...

Waiting and wondering, waiting and wondering  
Wondering where did I go wrong  
They're waiting and wondering  
Waiting and wondering, wondering

They're waiting and wondering  
Wondering where did I go, oh

Don't be good, don't be good  
Don't be good to me  
Don't be good (don?t be good)  
Though you should (though you should)  
That won't work, you see  
Don't be good (waiting and wondering)  
Don't be good (waiting and wondering)  
Don't you be good to me (wondering where did I go wrong)  
Don't be good, though you should  
That won't work, you see  
So don't be good to me (don't be good, don't be good)  
Don't be good to me (don't be good, don't be good to me)

Don't be good to me, good to me, good to me, good to me, good to me  
You're so good for me, good for me, good for me
