

Waiting

Chantal Kreviazuk

Well it all comes down to the things that I never even wanted
I should live my life without holding on to you
But its hard to see the sky through the clouds when its raining

...

I know somewhere it's blue
Well it all comes down to the love that was never really given
I should've taken more than time to get the truth
And its hard to believe that you couldn't recognize my tears
I glued them on for you.
Waiting to fall apart
Waiting and it all comes down to you
When it all breaks down I won't be the one that's running
But under every rock and stone I try to hide
And it's hard to believe that behind this smile there are tears

...

I hold them all inside
Waiting to fall apart
Waiting and it comes down
Waiting to fall apart
Waiting and it all comes down to you
I hear you calling, I know that voice
I hear you calling, I have no choice
I hear you calling, I know that voice
I hear you calling...

Waiting...

Well it all comes down to the things that I never even wanted
I should live my life without holding on to you
And it's hard to believe that you couldn't recognize my tears
I glued them on for you.
Waiting to fall apart
Waiting and it all comes down... To you.
