

## Waiting

Chantal Kreviazuk

Well it all comes down to the things that I never even wanted  
I should live my life without holding on to you  
But its hard to see the sky through the clouds when its raining

...

I know somewhere it's blue  
Well it all comes down to the love that was never really given  
I should've taken more than time to get the truth  
And its hard to believe that you couldn't recognize my tears  
I glued them on for you.

Waiting to fall apart

Waiting and it all comes down to you

When it all breaks down I won't be the one that's running

But under every rock and stone I try to hide

And it's hard to believe that behind this smile there are tears

...

I hold them all inside

Waiting to fall apart

Waiting and it comes down

Waiting to fall apart

Waiting and it all comes down to you

I hear you calling, I know that voice

I hear you calling, I have no choice

I hear you calling, I know that voice

I hear you calling...

Waiting...

Well it all comes down to the things that I never even wanted  
I should live my life without holding on to you

And it's hard to believe that you couldn't recognize my tears

I glued them on for you.

Waiting to fall apart

Waiting and it all comes down... To you.
