

# Wonderful

Chantal Kreviazuk

I'm alone in this life  
And these old jeans are too tight  
And now I can't pick my feet off the floor  
I try to laugh but I cry  
My dignity's undignified  
I guess i'm really on my own

Love is like a little boy  
No I'm not paranoid  
But I'm onto you yeah yeah  
Well I'm not seventeen  
And I don't wanna be  
So why am I hiding?

[Chorus:]

Is it too late to call you on the phone  
Too late to tell you I'm alone  
I wanna wake you from another lonely night  
Is it too late to wonder where you are  
Too late to hold you in my arms  
Cause if you're looking for wonderful  
I'm wonderful

I'm a very simple girl  
And I don't fit into this world  
The city lights leave me in a daze  
And even though we've enver met  
You know what I'm trying to forget  
Some things you can never change

[Chorus]

I'm underneath  
Underneath  
I'm underneath  
I'm underneath

[Chorus 2x]
