

# Baby I Can Touch Your Body

Chanté Moore

Baby, can I touch your body?  
Baby, can I touch your body?

Touch you,  
That's what I want!  
My fantasy inside of me  
I miss the fight,  
I wonder who taught you how o love me  
The straight'  
And the small of my baby  
Back and forth, back and forth'  
Uhhh I never wanna say goodbye, baby!

Touch you  
Baby, can I touch you?  
Baby, can I touch your body?  
Touch me  
Boy, you know I have a heartache!  
Let me touch you  
Baby, can I touch your body?  
That's all'  
Touch you!

Willing down in space  
In spite of all of this world  
It's the only way I wanna fly to you!  
The rhythm of your kiss  
Keeps my' like this, this!  
Inside my head I wanna'  
I wonder if I can fly!

Touch you  
Baby, can I touch you?  
Baby, can I touch your body?  
Touch me  
Boy, you know I have a heartache!  
Let me touch you  
Baby, can I touch your body?  
That's all'  
Touch you!

I just wanna touch, I just wanna love you  
Baby, can I touch you, baby?  
Right there, touch me all the way, touch me all the way  
I don't care! I just wanna, I just wanna

Touch you  
Baby, can I touch you?  
Baby, can I touch your body?  
Touch me  
Boy, you know I have a heartache!
