

Bitter

Chanté Moore

I'm just gonna speak from my heart
This song ain't about every man
But sometimes when you have had your heart broken
And there's pain
You gotta let it out exactly how you feeling it
I realize right now I'm just bitter

I remember the times we shared and I
Remember the long phone calls at night
You used to say the sweetest things
But today my phone rings and I wish
That you would just stop talking
I just can't take this anymore
You broke my heart and I know for sure
You're not the man I thought you was
Compromised myself enough
Now it's time to stop living this lie now

Don't follow me home nigga
Stop ringing my phone nigga
Just leave me alone nigga
I wish you well but
Right now I'm just bitter

Why did you come into my life
You didn't plan to do me right
If you didn't mean forever more
Why'd you get with me for?
No free nook that's not yours anymore, no, no

Don't follow me home nigga
Stop ringing my phone nigga
Just leave me alone nigga
I wish you well but
Right now I'm just bitter

Don't follow me home nigga
Stop ringing my phone nigga
Just leave me alone nigga
I wish you well but
Right now I'm just bitter

You make me sick nigga
I ain't your dog nigga
You made me write this song nigga
I wish you well but
I'm gonna find another nigga
