

# Blooming Flower

Chanté Moore

I've gone there with you  
Now I've got to U-turn  
But, I don't want to  
Because, I want you  
Carefully, get a hold  
Of yourself girl  
And gather all you gave  
It's impossible, irreversible  
Time spent with you is gone  
But, with you our time lives on  
Blooming flower cut before its time  
Never to be free to breathe in the sun  
Blooming flower cut before its time  
Never to be free to breathe in the sun

I want the sun to shine on me  
I need the sun to shine on our love  
Let me feel the warmth of it nourishing our feelin'  
In the heat we reflect the light  
Shining colors of a love that's ours  
Has our time come too late or is it too soon?  
Bloom flower, bloom

And in your eyes I see  
The places I long to be I can see and feel you lovin me  
But, I can't got there 'I've got to go'  
I'm bound on a course set, before we met  
What can i do with my feelings for you  
Shall I hide them deep inside my heart  
Ooh their eyes would not believe  
They could not see the beauty in the sun  
Never to be free to breathe in the sun  
Never to be free to breathe in the sun

I want the sun to shine on me  
I need the sun to shine on our love  
Let me feel the warmth of it nourishing our feelin'  
In the heat we reflect the light  
Shining colors of a love that's ours  
Has our time come too late or is it too soon?  
Bloom flower, bloom

Bloom flower, bloom (2x)  
Flower bloom...flower  
Bloom flower, bloom  
Cut before it's time

I want the sun to shine on me  
I need the sun to shine on our love  
Let me feel the warmth of it nourishing our feelin'  
In the heat we reflect the light  
Shining colors of a love that's ours  
Has our time come too late or is it too soon?  
Bloom flower, bloom
