

Do For You

Chanté Moore

It's not enough to do the simple things
You mean so much more to me (so much more to me)
I mean it when I say "I'll do anything..."
Proving my l-o-v-e (l-o-v-e)

Just name it and I'm on it
It's never too much cuz I want it
Just as bad as I did from day 1
And I ain't done...

I don't need no reason
I'm just into pleasing you
Cuz your the best thing
That's ever happened to me
Ohhhh...

You ain't gotta want for nothing
Cuz I tailor make all my lovin for ya
Just tell me what to do for you
That's what I'll do for you

Here's my space any time you need it
Boy I'm giving it just receive it
Just tell me what to do for you
That's what I'll do for you

Tell me and I'll make your favorite dish
I'll serve it just the way you like (just the way you like)
Promise you ain't never had none like this
You gonna sleep real good tonight (real good tonight)

Just name it and I'm on it
It's never too much cuz I want it
Just as bad as I did from day 1
And I ain't done

I don't need no reason
I'm just into pleasing you
Cuz your the best thing
That's ever happened to me (ohhhh)

You ain't gotta want for nothing
Cuz I tailor make all my lovin for ya
Just tell me what to do for you
That's what I'll do for you

Here's my space any time you need it
Boy I'm giving it just receive it
Just tell me what to do for you
That's what I'll do for you

Dream, I'll make 'em,
Trips, we'll take 'em
I just wanna be where you are
That's all I live for

So baby leave it up to me I'll guarantee

You will never wanna leave
Cuz pleasing you
Is my priority

You ain't gotta want for nothing
Cuz I tailor make all my lovin for ya
Just tell me what to do for you
That's what I'll do for you...

Here's my space any time you need it
Boy I'm giving it just receive it
Just tell me what to do for you
That's what I'll do for you

Just tell me what to do for you
That's what I'll do for you

Just tell me what to do for you
That's what I'll do for you
