

This Moment Is Mine

Chanté Moore

(ooh)
(la da da da da la da da da)

Don't look back.
There's only things you can not change the past.
You're waisting time asking what if you linger on too long.
Pick the roses from the thorns.
Wash with waters of the storms.
See the son in your bad day.
Smell the flowers in the valley.

This moment is mine.
I'm living inside.
I grow with each breath that I take.
I cherish my freedom.
I'm sharing the joy.
I'm glowing like sunshine.
I'm spreading my wings, and I fly.
I'm still as the night.
This moment is mine.
This moment is mine.

Possibilities travel endless through infinity.
Our finite minds can not see the unknown to be.
In your worry what can change,
not a thing.
In the spirit of your mind,
be renewed.
It's not to late.
Redeem the time, and sieze the day.

This moment is mine. (This moment is mine)
I'm living inside. (I'm living inside)
I grow with each breath that I take.
I cherish my freedom.
I'm sharing the joy. (I'm sharing the joy)
I'm glowing like sunshine.
I'm spreading my wings, and I fly.
I'm still as the night.
(This moment is...) This moment is mine.
This moment is...
This moment is mine.

Sweetest moments passing you by.
Live in the now, and let's go.
I can't tell you how good it feels.
(It's so good to find.)
This moment is mine
so I'm taking my time.

This moment is mine.
I'm walking in love.
I grow with each step that I take.
I'm lovin' my freedom.
I'm rollin' like thunder. (I'm rollin' like thunder)
I'm feelin' my power. (I'm feelin' my power)
I'm spreading my wings, and I fly.

I light up the sky. (I light up the sky)
(This moment is...) This moment is mine.
This moment...
