

When It Comes To Me

Chanté Moore

I remember seeing you do your thing
With a brand new girl on your arm everytime it rained
Used to say one girl is not enough
Now you can't believe you let them go
Fell in love

You was a pimp, playboy
You're not a pimp
Now I'm in your life
I'm exempt
Cause I've got your heart
And now you belong to me, yeah

When it comes to me
I get what I want
Cause I made you fall in love
When it comes to me
You don't have control
Cause I beat you at your game
I beat you at your own game

When it comes to me
Now when you go dancing your with me
No wandering eyes, cause I trained you to respect me
You're thinking twice now cause you're sprung
You called your mama and you told her that I was the one

You was a pimp, playboy
You're not a pimp
Now I'm in your life
I'm exempt
Cause I've got your heart
And now you belong to me, yeah

When it comes to me
I get what I want
Cause I made you fall in love
When it comes to me
You don't have control
Cause I beat you at your game
I beat you at your own game

I think you're in trouble

When it comes to me
I get what I want
Cause I made you fall in love
When it comes to me
You don't have control
Cause I beat you at your game
I beat you at your own game
(2x)

Baby when it comes to me
When it comes to me
I beat you at your own game

When it comes to me
I get what I want
Cause I made you fall in love
When it comes to me
You don't have control
Cause I beat you at your game
I beat you at your own game
