Lamentation

Chaostar

When the cursed all are banished Doomed to that devouring furnace Summon me among the blessed. On my knees I fall (before them) Grant the dead eternal rest perpetual light shine.

Day of bitter Lamentation When man rises up from ashes Doomed to Judgement Lost and Guilty Grant me grace for my atonement Ere the day I stand

I lament for I and I am (Guilty) and I blush for my wrong doing I implore Them Saviour spare me

Grant the dead eternal rest perpetual light shine.

I lament for I and I am (Guilty) and I blush for my wrong doing I implore Them Saviour spare me.
