

# All That I Need To Survive

Charice

I look out my window  
And wonder where you are (where you are)  
And if you are safe out there  
Somewhere in the dark (in the dark)  
Time has no meaning  
To this broken heart that's mine

I see your face  
Where ever I go  
I hear your voice  
I want you to know

I feel your arms when I'm lonely  
I make believe that you are still here with me  
It's all I need  
I feel your heart as if it was beating with mine  
When you're in my world, I am alive  
You're all that I need to survive

I've got this friend who says, it's time I let you go (let you go)  
The way that you loved me, no one else could ever know  
You were the best that ever happened to my heart and to my soul (to my soul)

I see your face  
where ever I go  
I hear your voice  
I want you to know

I feel your arms when I'm lonely  
I make believe that you are still here with me  
It's all I need  
I feel your heart as if it was beating with mine

And if, I mean when  
When I see you again  
It will be just the same as it was  
And if, I mean when  
We're together again  
Our souls reunited as one~

I feel your arms when I'm lonely  
I make believe that you are still here with me  
It's all I need  
I feel your heart as if it was beating with mine  
(I feel your arms when I'm lonely, lonely, lonely)

You're in my world  
I am alive  
You're all that I need to survive~  
You're all that I need to survive~  
You're all that I need to survive
