

# Before It Explodes

Charice

It's not a question of love  
'Cause our love has never changed.  
But all the little things keep piling up  
And life keeps getting in the way

Don't make this harder than it is  
We both knew we'd come to this  
Better now than in a year  
With lots of tears  
And we both hate each other  
The fuse has already lit  
So how about a final kiss?  
And just let it go

Stop the madness,  
Before it explodes  
Before it's out of our control  
Let's stop the madness  
Before it explodes  
We gotta let it go  
Before it all explodes

Some things we won't understand  
And we're both so tired of being misunderstood  
So let's just turn around and walk away  
And hold on to what was good

Don't make this harder than it is  
We both knew we'd come to this  
Better now than in a year  
With lots of tears  
And we both hate each other  
The fuse has already lit  
So how about a final kiss?  
And just let it go

Stop the madness  
Before it explodes  
Before it's out of our control  
Let's stop the madness  
Before it explodes  
We gotta let it go  
Before it all explodes

There ain't nothing that can save us  
We're too close to the end  
And what's the use of going on  
If we lie to each other, every word that is said  
It's too late for us now  
Cause we can hear the countdown  
It's getting close  
It's gonna blow  
Stop the madness!

Before it explodes  
Before it's out of our control  
Let's stop the madness

Before it explodes  
We gotta let it go  
Before it all explodes
