

Crescent Moon

Charice

Ohhh... wooh ...hooo...

We always are together
Walking the same road, You and me like destiny
But then the path had parted,
You went down one road, and I went the other way

Loneliness, the feeling in my heart
Is all I have to hold today,
Looking at the sky that's almost just about to cry
I have to say, but I can't help but think of you

ohh...ohh...

I'm here beneath the night, and you're not there,
No I won't cry, won't cry anymore.
Trying hard to live a life without you
Too peaceful, when I think about you... ohh ...ohh...

Maybe, you're seeing the same big sky
A crescent moon, gaze into the night
'Cause it might be bringing us together
You know I love you more than ever

ohh...ohh...
yeaa ...yeaa ...hey...yeaa

The days are getting colder (colder)
Keeping my hands warm by myself
Reality, I miss your arms so badly
Want you here with me, want you here with me

Even though you call me
And tell me how much you love me, I get blue (I get blue)
You know I wanna hear it,
But I really don't like to lean on you
So I'll wipe the tears away...

I'm here beneath the night, and you're not there.
No I won't cry, won't cry anymore.
Trying hard to live a life without you
Too peaceful, when I think about you...ohh ...ohh...

I wonder when I would see you again
Until that time again, I guess I'll have to live
Feeling the power you gave me, When you hold me close
And said I'll always love you, you know...ohhhh

Here beneath the night, and you're not there.
No I won't cry, can't cry anymore.
Trying hard to live a life without you
Too peaceful, when I think about you.. ohh ...ohh...

Maybe, you're seeing the same big sky
A crescent moon, gaze into the night
I believe in bringing us together (bringing us together)
You know I love you more than ever (I love you more than ever)

Holding up my hands, can you feel the pain?
I'm reaching out to you, Crescent moon...

(Crescent moon) hmmm...
