

# Fingerprint

Charice

How can I be sure  
When everything is so confusing  
I'm old enough to learn  
That I'm too young to know what I'm doing  
Gotta break free  
From what used to be  
It no longer makes sense for me

How do I stand out  
In a world that's all about fitting in  
I'm certain of my doubts  
But I wouldn't be me for no reason  
My identity  
Right in front of me  
There's nobody else I wanna be like

I'm just trying to find, find my fingerprint  
Redefine, who am I, where do I begin  
All I know is what I've been told  
But the one I see in the mirror is so different  
Unique as my fingerprint

I'm positive  
That I don't know where I'm going  
How do I make sense  
Of all these crazy emotions  
I'm up and down  
Get turned around  
But I'm still clear on my intentions

I'm just trying to find, find my fingerprint  
Redefine, who am I, where do I begin  
All I know is what I've been told  
But the one I see in the mirror is so different  
Unique as my fingerprint

Do they see me like I see me?  
Not even close  
Do they know me like I know me?  
Well I don't know  
I'm still undecided but I realize that it's ok  
Good things are worth the wait
