

# Unexpected Love

Charice

Never believed  
In miracles  
Never imagined  
Happy endings can come true  
Fairytale, story book fantasies  
Ever existed  
They were never meant for me

Those broken heartaches  
I'm hopeless and guarded  
Then you came, I've fallen for you

I... I finally found the one  
Better days have begun  
From the moment I found you.  
I... I never thought I'll be loved  
When it's all said and done.  
It was all unexpected love.

Love  
Was all that I needed  
Was all that I wanted  
It was hard to face the pain  
I've been there  
My heart left to pieces  
You put it together  
And made my life be whole again.

It's taking over  
Your love makes me stronger  
Always forever with you  
I... I finally found the one  
Better days have begun  
From the moment I found you  
Oh I, I never thought I'll be loved  
When it's all said and done  
It was all unexpected love.

Those broken heartaches  
Hopeless and guarded  
Then you came, I've fallen for you

Ohhh!  
I... I finally found the one  
Better days have begun  
From the moment I found you  
Oh I, I never thought I'll be loved  
When it's all said and done  
It was all unexpected love

It was all unexpected love.

(I love you)
