

Baby Says I Want

Charles Hamilton

If I have it I give it
Only to regenerate it in a minute
Silent wars inside My Pores
Vital organs trying to stay in the corpses I call me
I bleed all of what you all see
So I want a bandage that'll make it all peace and peachy
Heart Healing From a Dark Feeling
Wrap up the scars n Peel the sharp thorns
Feet harder with harsh corns
But walk from door to door treating my hood like an art store
I'm above par FOUR
Never taking my time rushing
Golf Lundren in Part four
I wanted to kill the apollo I did
No matter how Rocky I get I still live
As Rigid as an All Steel Bridge
Numb inside out I don't feel shit
All I wanted was comfort I wonder
Than I don't wonder
Trust is my only blunder
I Want I Want I Want I Want It I want All
B-But Baby Says Shes Wants It so Give it To her
Give it to Her Give It To her
Give it to Her Give It To her
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
She had ass class and a nice pad
I can smash laugh and write tracks
Smoke grass crash get right back
Feeling Sural with civilians in the building
But it was just the two of us
Lust intruded but Love was True to us
SUPER TRUST
Fell Harder than I'd Ever Admit too
She was better than reasons I would ever wish to commit to
She made me happy on some grown up toddler shit
So I must own up to the obvious
I Want Her BACK!
I Want Her Bad!
She can Walk Away I can't Stomach that
Every switch of her hips is sufistication
On my lap she sits with kissing civilization
Or is her desire my desire
Love is never sure fire
But I'm only sure inside of her
I Want I Want I Want I Want It I want All
B-But Baby Says Shes Wants It so Give it To her
Give it to Her Give It To her
Give it to Her Give It To her
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
Rags to Riches
Wishin for wack rags

To differentuate themselves from glass dishes
Polishing the glass dishes barehanded
Can't reprimand it for it's overbearing standards
Concern Learns to earn while permanently burning
So damnit concern is damn when you turn into a germ
An A T o M Thinking of Adam n Eve
While I'm grabbin her weave
I want a free mind
Enjoying free love
Leave sucks like a car getting keyed up
Club life admission fee three bucks
VIP does Not see us
Me and Me
We just stay Beemed up
Watching n listening
She's in her Goddess position
And I'm just washin the dishes
Feast Up!
I Want I Want I Want I Want It I want All
B-But Baby Says Shes Wants It so Give it To her
Give it to Her Give It To her
Give it to Her Give It To her
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
I Want I Want I Want I Want It I want All
Yea
