Charles Hamilton

What's it like to be the oddMan out
Refrase I am the oddest man out
My 2 friends are never letting me out again
When I get back theyll never pout again
I don't know why I doubt to begin with
I shine bright like the mouth of a dentist
All I do is hear wild from the fences
Benches bleachers n speakers
There he is mr america
A nightMare could disturb america
As You can see I overFlow a river
John Elway could'ntover throw a nigga
Rover go fetch while I polar cold shivers
This hott ass beat that noone could kill
Well they tried but noone could quiver the Boots ON this Shit
The truth it's this sick
