Mem'ries

Charley Pride

Mem'ries I've got a million of those mem'ries in my mind Mem'ries I think I've got enough to leave you behind Oh mem'ries they used to make me warm but now I find Mem'ries only make me feel old before my time Mem'ries try not to think about the mem'ries all the time Mem'ries forget the days when your sweet love was mine Oh mem'ries I used to welcome them but now I find Mem'ries only make me feel old before my time Is there a way to make them go away now that I finally realize Mem'ries only make me feel old before my time
