

## Now I Can Live Again

Charley Pride

When my baby left me she left trouble all around  
She left a tangle in mind and a tear in my eye and my heart was  
sorrow bound  
But when I woke up this morning I brushed my teeth and combed m  
y hair  
Then I looked all around for a little tear but the little tear  
wasn't there  
Now I can walk in the sunshine again now I can hold my head up  
high  
Now I can walk like the man I have been now I can live again

I've spent some long nights thinking I guess I did some drinkin  
g too  
I've cried at least the million tears and I had my share of the  
blues  
But today it's finally over the world looks brighter to me now  
I'm still here and she's still gone but it's all right somehow  
Now I can walk in the sunshine again now I can hold my head up  
high  
So I'll say goodbye to my drinking friends now I can live again  
now I can give again
