

## Singin' A Song About Love

Charley Pride

Yes I keep singin' a song about love hummin' a tune about happiness  
Winkin' my eye at the sun up above and just singin' a song about love

I don't have no acts to drive no bridges to be burned  
There's better ways to go through life and the best way I have learned  
Whenever troubles cross my mind I think about your love  
And then a smile upon my face just shows what I'm thinking of  
And I start singin' a song..

When other people talk to me they just don't understand  
Just what it is that's happen now that made me a happy man  
It's not a fortune I have found it's something you can't see  
It isn't gold it's just a love between my woman and me  
So I keep singin' a song...  
So I keep singin' a song...
