

That's The Only Way Life's Good To Me

Charley Pride

Got the blues in Batton Rouge walked a mile or two then caught
her eye
I got out in Memphis she smiled at me and slowly said goodbye
She asked me if I'd like to tag along a little farther down the
line
But travelin' round and bein' free that's only way life's good
to me

Here I am in Memphis without a dime or a place to sleep
Sure is hot and sweaty the tar is even bubbling on the street
None of this bothered me that's the only cup o'tea that I can d
rink
Cause travelin' round and bein' free that's only way life's goo
d to me

I may move on in the morning and never know just how long I'll
stay
Sometimes I'll stay a month or two sometimes I don't even stay
a day
No one tried to tie me down and it's quite a friendly town I'll
stick around
Cause travelin' round and bein' free that's only way life's goo
d to me

I've tried a lot of steady jobs but never seen one make me happ
y yet
I've lived my life so many ways tried everything and now I know
what's best
I wouldn't trade with anyone a billion dollars wouldn't move me
none
Cause travelin' round and bein' free that's only way life's goo
d to me
Cause travelin' round and bein' free that's only way life's goo
d to me
Cause travelin' round and bein' free that's only way life's goo
d to me
