I Still Love You

Charli Baltimore

I still love you babe I'm still for you girl I'll never leave you baby 'Cause I realize I need you in my life

Girl it just ain't right What we said last night 'Cause I know we didn't mean it You feel the love is gone 'Cause we don't get along But I can prove you wrong Girl I swear

'Cause everytime I close my eyes I see you And how I wanna live my life with you There is no one You're all I need and all I want The only one I'll ever love

In this relationship we spend a lot of time Now it would be wrong if everything was always fine Girl, I know we've had our share of ups and downs But it doesn't mean that we can't work this out Oh baby girl, I care, yeah

You know I do

'Cause everytime I close my eyes I see you And how I wanna live my life with you There is no one else You're all I need and all I want The only one I'll ever love

No, oh girl, I know I need ya baby

'Cause everytime I close my eyes I see you And how I wanna live my life with you There is no one else You're all I want and all I need The only one I'll ever love

Next, in 9-7 ya'all
