

# Blame It on You

Charli XCX

Eh-eh-XCX Charli

I blame it on you, I blame it on you  
Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah  
You, I blame it on you, I blame it on you  
Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah

We met in the springtime  
So cool, you were all nice  
Bright star burnin' so bright  
You're my type, you're all I want  
Oh, your eyes cut deep like a sharp knife  
Open my legs with the pressure and make me feel alright  
Uh-huh, so good, but I know you're bad for me  
You got control, and you love the game  
But open my legs with the pressure and do it all again, yeah

Pull up in a new thing, wrists all fresh like oh my god  
I'll stick like a group, I know exactly what I want  
Bad boy make a bad girl good, you're driving me so wild  
You're driving me so wild, yeah, yeah

I blame it on you, I blame it on you  
Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah  
You, I blame it on you, I blame it on you  
Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah

I get drunk on the white wine  
Call you like a hotline  
You're stuck up in my mind  
Not alright, what's goin' on?  
Don't usually do this  
With you, I'm an addict  
But open my legs with the pressure and candy first kisses  
Uh-huh, so good, but I know you're bad for me  
You got control, and you love the game  
But open my legs with the pressure and do it all again, yeah

Pull up in a new thing, feel so cool up in your ride  
Take drugs, what a waste, be racin', love it when you drive  
Bad boy make a bad girl, now that's got my head so high  
I'm feelin' fuckin' high, yeah, yeah  
(I blame it on)

I blame it on you, I blame it on you  
Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah  
You, I blame it on you, I blame it on you

Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah

Bad boy make a bad girl, bad boy make a bad girl  
Bad boy make a bad girl, bad boy make a bad girl  
Bad boy make a bad girl, bad boy make a bad girl  
Bad boy make a bad girl, bad boy make a bad girl  
Bad boy make a bad girl, bad boy make a bad girl  
Bad boy make a bad girl, bad boy make a bad girl

I blame it on you, I blame it on you  
Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah  
(Bad boy make a bad girl, bad boy make a bad girl...)  
You, I blame it on you, I blame it on you  
Every lie you tell comes true (true)  
But I still wanna be with you (you)  
I blame it on you, yeah  
You
