

# Breaking Up

Charli XCX

You say you love me  
I say what!?  
You say you love me  
OK, let's rock  
You say you love me  
I say what!?  
You say you love me  
OK, let's rock

You have an ugly tattoo and fucking cheap perfume  
You couldn't dance, barely moved and didn't know what to do  
You have a friend in the band but they're not that cool  
You say you love me  
OK, let's rock

Everything was wrong with you  
So breaking up was easy to do  
Hate your friends and your family, too  
So breaking up was easy to do  
Breaking up  
Breaking up  
Breaking up

You say you love me  
I say what!?  
You say you love me  
OK, let's rock  
You say you love me  
I say what!?  
You say you love me  
OK, let's rock

You try to pull us apart  
And make a brand new start  
You tryna drive me force me  
You didn't get very much  
You said laugh like a baby  
You're not so sure  
You say you love me  
OK, let's rock

Everything was wrong with you  
So breaking up was easy to do  
Hate your friends and your family too  
So breaking up was easy to do

Everything was wrong with you  
So breaking up was easy to do  
Hate your friends and your family, too  
So breaking up was easy to do  
Breaking up  
Breaking up
