

# No Angel

Charli XCX

Always been a little bit fast and wild  
My momma always said I was a problem child  
I'm just gonna live until the day I die  
It's all I know  
That's how I roll

I party, get naughty  
Always tellin' myself I'll never do this again  
I'm sorry that you caught me fuckin' in the hotel  
It didn't mean anything

Don't let me, don't let me go  
I just wanna let you know that I'm no angel  
But I can learn, oh  
Baby, I'm bad to the bone  
I just wanna let you know that I'm no angel  
But I can learn

The second that you saw me you were mesmerized  
I bet you probably thought I was your ride or die  
Don't wanna burst your bubble but I cheat and lie  
It's the truth, I'm bad news

I party, get naughty  
Always tellin' myself I'll never do this again  
I'm sorry that you caught me fuckin' in the hotel  
It didn't really mean anything

Don't let me, don't let me go  
I just wanna let you know that I'm no angel  
But I can learn, oh  
Baby, I'm bad to the bone  
I just wanna let you know that I'm no angel  
But I can learn, oh

Promise I'll try, promise I'll try (oh-oh)  
Promise I'll try, promise I'll try (oh-oh)  
I'm no angel, but I can learn

I party, get naughty  
Always tellin' myself I'll never do this again  
I'm sorry that you caught me fuckin' in the hotel  
It didn't really mean anything

Don't let me, don't let me go  
I just wanna let you know that I'm no angel  
But I can learn, oh  
Baby, I'm bad to the bone  
I just wanna let you know that I'm no angel  
But I can learn, oh

Promise I'll try, promise I'll try (oh-oh)  
Promise I'll try, promise I'll try (oh-oh)  
I'm no angel, but I can learn
