

## Warm

Charli XCX

You gotta tell me the reason  
Why we can't fall in love  
You gotta tell me the reason (No, no)  
Why you won't open up  
Now I'mma send you to heaven  
Tequila on your tongue  
You gotta tell me the reason  
Why we can't fall in love

Tell me the reason (Yeah)  
Why we can't fall in love  
You gotta tell me the reason  
Why you won't open up  
Now I'ma send you to heaven  
Tequila on your tongue  
You gotta tell me the reason  
Why we can't fall in love

Why, why, why  
Don't you lie  
What do you want?  
Fall in love  
Risk it all

Tell me what you want  
'Cause I know that you're lonely on your own  
We're out in L.A. for a month  
I don't think I can hide my emotions, no, no more (uh-huh)  
At late night say you want me, say you're selfish  
Think about my body, then two-time  
Say you want her? Do you want her?  
Doesn't do it like me, no  
So hot, burn the place down  
Give you what you need

So you gotta tell me the reason  
Why we can't fall in love  
You gotta tell me the reason  
Why you won't open up  
Now I'mma send you to heaven  
Tequila on your tongue  
You gotta tell me the reason  
Why we can't fall in love  
(Why we can't fall in love)

Why, why, why  
Don't you lie  
What do you want?  
Fall in love, uh-uh-huh  
Risk it all

Make me wanna fall in love  
Baby, make mistakes  
Hit me with a champagne kiss  
And now I'm not thinking straight  
Look at the skyline high  
I look up, I wish I saw your face

I wanna fall in love  
Jump in the deep end  
'Cause deep down, you're d-dying

Tell me you're kinda nervous  
Tell me you feel the same  
I wish it was more than surface  
I wish I could feel nothing  
Come give me everything  
Burn down and go again

So you gotta tell me the reason  
Why we can't fall in love  
You gotta tell me the reason  
Why you won't open up  
Now I'mma send you to heaven  
Tequila on your tongue  
You gotta tell me the reason  
Why we can't fall in love

Ooh, baby  
Why, why, why  
Tell me, tell me, tell me the reason  
Know you lie, what do you want  
Tell me, tell me, tell me the reason  
Fall in love  
Risk it all

Tell me the reason  
(Tell me the reason)  
(Tell me the reason)  
(Tell me the reason)  
Tell me the reason (Oh yeah)  
You gotta tell me the reason  
Tell me the reason  
Tell me the reason  
Tell me the reason  
(Tell me the reason)  
(Tell me the reason)  
(Tell me the reason)  
(Tell me the reason)  
(Tell me the reason)  
(Tell me the reason)  
(Tell me the reason)
