## **Sweet Louisiana**

## **Charlie Daniels**

Well, I thought I'd go out to Tulsa And ride in a rodeo Red beans and rice sure would be nice Back where the Mississippi River flows

And it's a long way back to Vicksburg
Mississippi River is muddy and wide
But it don't seem like much
When sweet Louisiana's waitin' on the other side

Well, there's a lot of room up in Canada Where a man can catch his breath But the men are bold and the women are cold And you damn near freeze to death

And it's a long way back to Vicksburg
Mississippi River is muddy and wide
But it don't seem like much
When sweet Louisiana's waitin' on the other side

There's pretty girls in Kansas City And a man can have a ball But the women in Ouachita Parish Drive a young man up the wall

And it's a long way back to Vicksburg
Mississippi River is muddy and wide
But it don't seem like much
When sweet Louisiana's waitin' on the other side

Well, I thought I'd go out to Tulsa And ride in a rodeo Red beans and rice sure would be nice Back where the Mississippi River flows

And it's a long way back to Vicksburg
Mississippi River is muddy and wide
But it don't seem like much
When sweet Louisiana's waitin' on the other side

'Cause it don't seem like much When sweet Louisiana's waitin' on the other side
