

The Twang Factor

Charlie Daniels

Well us people in the country like tractors
We wear John Deere hats it's the twang factor
We like the VFW on a Friday night
We play bingo it's the twang factor

Picking in Memphis picking in Shoals
Picking in Nashville everywhere you go it's the twang factor
The twang factor is just the state of mind I'm in the twang factor

I like fried corn and pinto beans I like a long stretch of highway yeah
I like a riverbank to watch the sunrise I believe you gotta be baptized
I like catfish crappie and bluegill too I like catchin' me a big old carp
I like Nascar and ice tea in a jar I like cookin' on an open fire
The twang factor
(guitar)
Now gimme guitar music and barbeque and football on Sunday afternoon
It's the twang factor
I like buck knives and red beans and rice and a pretty little thing to love me
It's the twang factor

Well we picking in Austin pickin' in Mobile
Picking in the swamps pickin' on the hill the twang factor
The twang factor is just the state of mind I'm in the twang factor
