

# What You Gonna Do About Me

Charlie Daniels

You told me that your honky tonking days were through  
But you came in this morning at a quarter till two  
Oh baby what you gonna do about me  
You said that fling with Johnny was a one night stand  
How come I seen him sitting with you holding your hand  
Oh baby what you gonna do about me

What you gonna do about me  
How come you treat me like an old hound dog  
I feel as helpless as a knot on a log  
And you ain't got no sympathy for me  
I ain't telling no lie  
You sure know how to make a grown man cry  
Oh oh baby what you gonna do about me

I let you use my car you said it's just for a day  
But you stayed gone a month and turned up out in LA  
Oh baby what you gonna do about me  
I said I've had enough I'm gonna take back my ring  
Then I found out that you'd done gone and pawned the  
thing  
Oh baby what you gonna do about me

What you gonna do about me  
That's something that you'd better think about  
One of these days you're gonna wear me out  
And you'll be sorry wait and see wait and see  
There's gonna come a time  
You'll realize a good man's hard to find  
Oh oh baby what you gonna do about me

Oh oh baby what you gonna do about me
