Wichita Jail

Charlie Daniels

I woke up on a cement floor this mornin, My head felt like somebody been walkin on it, Don't know how I got here, Don't remember nothin at all, but if I done all the things that they say I did, well I sure musta had a ball

Cause in 30 more days I'm goin back home, to see that gal of mine, but the Wichita Jail is a long long way from the Tupelo County line, I gotta do my time

Well I aint got a cent of the money I had I spent it Shirts tore, my shoes got a big hole in it, Theres a king size knot on the side of my head and I got one big black eye But brother if you think I look bad, you oughtta see that other guy

Cause in 30 more days I'm goin back home, to see that gal of mine, but the Wichita Jail is a long long way from the Tupelo County line, I gotta do my time

Well this nine pound hammer feels like it weighs a ton makin lil ones outta big ones in this red hot Kansas sun I just hope I can make it 30 more days and get out of this mess I'm in, and if I ever get back to Mississippi I aint ever gonna leave again

Cause in 30 more days I'm goin back home, to see that gal of mine, but the Wichita Jail is a long long way from the Tupelo County line, I gotta do my time I gotta do my time I gotta do my time I gotta do my time
