

# Walk the World

Charlie Hall

God, as we walk this world  
We want to be a sign  
Our prayers flow into love  
Giving Your life

Broken but singing  
Our hearts keep shining

Let my life shine, come and let my heart shine  
As we walk the world, we lift the bread and wine  
Like the stars shine, come and let our hearts shine  
In a dark world, we lift the bread and wine

And we were born for this  
Born for this day and time  
Our prayers flow into love  
Giving our lives
