

Walk the World

Charlie Hall

God, as we walk this world
We want to be a sign
Our prayers flow into love
Giving Your life

Broken but singing
Our hearts keep shining

Let my life shine, come and let my heart shine
As we walk the world, we lift the bread and wine
Like the stars shine, come and let our hearts shine
In a dark world, we lift the bread and wine

And we were born for this
Born for this day and time
Our prayers flow into love
Giving our lives
