

## Your Glory Endures Forever

Charlie Hall

You ride on wings of wind; you are beginning and the end  
Mountains melting in Your flame, Creation pulsing out  
Your name

You are forever, You are forever

Your glory endures forever; Your beauty outshines the  
Heavens  
And we will declare Your wonders, your splendor, your  
Majesty

Earth rotating in your hand, Galaxies in your command  
You make and sustain the breath of man, Your deeds go on  
Forever

You are Forever, You are forever, You are forever, You  
Are forever  
You are Forever, You are forever

Glory and honour and praise, glory and honour and praise,  
Glory and honour and praise.
