Your Glory Endures Forever

Charlie Hall

You ride on wings of wind; you are beginning and the end Mountains melting in Your flame, Creation pulsing out Your name

You are forever, You are forever

Your glory endures forever; Your beauty outshines the Heavens

And we will declare Your wonders, your splendor, your Majesty

Earth rotating in your hand, Galaxies in your command You make and sustain the breath of man, Your deeds go on Forever

You are Forever, You are forever, You are forever, You $\mbox{\sc Are}$ forever

You are Forever, You are forever

Glory and honour and praise, glory and honour and praise, Glory and honour and praise.
