Let Me Put It Another Way

Charlie Louvin

Let me put it another way there's no use to talk around it We'd better go our seperate ways the love that's died can't liv e again

We denied it much too long now we tried to spare each other's h

Now I'm wondering if you're wondering if it's best that we shou ld part

Let me put it another way...

There's no use to hide our feelings they have a way of showin'through

How our world has helped together by some lines all faded blue

Let me put it another way...
