

## Month Of Sundays

Charlie Louvin

Well I ain't been loved in a month of Sundays ever since you left me blue and lonely  
Tried to find somebody else but none would do  
My poor heart keeps on a yearnin' for your sweet love just started burnin'  
I ain't been warmed in a month of Sundays what about you  
Well a month of Sundays don't seem long when they're filled with love that's strong  
But each one seems forever when you're blue  
Well we both done a lot of things that we shouldn't  
Could've made up but we just wouldn't  
I ain't been loved in a month of Sundays what about you

Well I traveled all over this big wide land looking for another just like I've planned  
But no one that I found compares with you  
Now I know I'll never love someone new baby do you feel the way I do  
I ain't been loved in a month of Sundays what about you  
Well a month of Sundays
