

Ruby's Song

Charlie Louvin

Way out in the country where I used to live Lordy Lordy what I
wouldn't give
To turn back the time and be a boy again and see the sun come u
p every morning
A quarter of a mile to the grocery store school bus came within
a mile off my door

And here in distance of a cotton gin a thirty minute walk to Ru
by
Oh I'd walk it in the moonlight oh I'd walk it on the dark nigh
t
Rain or shine this heart of mine craved Ruby's company
Oh she could kiss me just right oh but I was a little too shy
For I got the nerve to make my move Ruby got away from me

Oh I'd walk it in the moonlight
