## **Ruby's Song**

## **Charlie Louvin**

Way out in the country where I used to live Lordy Lordy what I wouldn't give

To turn back the time and be a boy again and see the sun come up every morning

A quarter of a mile to the grocery store school bus came within a mile off my door

And here in distance of a cotton gin a thirty minute walk to Ru by

Oh I'd walk it in the moonlight oh I'd walk it on the dark nigh t

Rain or shine this heart of mine craved Ruby's company
Oh she could kiss me just right oh but I was a little too shy
For I got the nerve to make my move Ruby got away from me

Oh I'd walk it in the moonlight
