Charlie Puth

Why are we looking down  
On our sisters and brothers?  
Isn't love, all that we got?  
Don't we know everyone's  
Got a father and mother?  
The day we know we're all the same  
Together we can make that change

Look around there are too many of us crying  
And not enough love to go around  
What a waste, another day  
Another good one dying  
But I know that the world will change  
The day we know we're all the same

Why can't we just get along?  
If loving one another's wrong  
Then how are we supposed to  
Get close to each other?  
We gotta make that change, yeah  
Why can't we just get along?

What a waste it would be to deny somebody  
Of a chance to be themselves  
What a waste it would be if we hurt for nothing?  
But I know that the world can change  
The day we know we're all the same

Why can't we just get along?  
If loving one another's wrong  
Then how are we supposed to  
Get close to each other?  
We gotta make that change, yeah

I know we could break apart  
We don't have to go that way  
Not today

Why can't we just get along?  
If loving one another's wrong  
Then how are we supposed to  
Get close to yeah  
Why can't we just get along?  
If loving one another's wrong  
Then how are we supposed to  
Get close to each other?  
We gotta make that change, yeah

The change, yeah
