

# Tangerine Dreams

Charlie Puth

You sing yourself to sleep at night  
melodies behind closed doors  
well I'm over by the corner  
listening to you from second floor

and I open up the curtains  
to hear the thunder and rain  
we dropped of all the flowers  
to wash away the pain

wanna go with you anywhere, anywhere  
wanna go with you anywhere

I'm sorry I kept you waiting  
I have no excuse  
theres no room for debating  
why it took so long to get back to you?

wanna go with you anywhere

these tangerine dream will not go away  
build them right up put mold them outta clay  
they just keep me company

now I'll take everyday with a deep breath  
'cause I found out the hard way when he left  
suffering silently

oh, these last couple days I haven't been myself  
'cause I know I won't be seeing you in commonwealth again  
commonwealth again

oh, these last couple days I haven't been myself  
'cause I know I won't be seeing you in commonwealth again  
commonwealth again
