

Beautiful Day

Charlie Robison

Well, she's hangin down in venice, with her siamese cat
She's tellin' everybody she's a democrat
She sold her palomino and the tire went flat, on the 405

Well, it's southern california, so there aint no blues
Sun shine, sun shine, no bad news
Watch her, watch her, watch her cruise, on the 405

And it's a beautiful day, it's a beautiful day
Yeah it's a beautiful day, in la

Well, she's leavin colorado, leavin san antone
Leavin everybody, goin on her own
Sister says she might need a little more blow
Before she goes

And it's a beautiful day, it's a beautiful day
Yeah it's a beautiful day, in la

Well, she changed her name, what's wrong with that
I promise you she's never gonna get real fat
She'll get a little louder underneath her hat
But what's wrong with that

And it's a beautiful day, it's a beautiful day
Yeah it's a beautiful day, in la
And it's a beautiful day, it's a beautiful day
Yeah it's a beautiful day, in la
