

If The Rain Don't Stop

Charlie Robison

Gonna go downtown
Get me off the farm
Find a pretty little girl
Take her by the arm
Get a whiskey and a beer
In the mood to play
If the rain don't stop today

Well I worked all summer
In the goddamn sun
When the boss ain't lookin'
Gonna have to run
Down to Josephine Street
In the mood to play
If the rain don't stop today

Chorus:

Keep on pissin' you can drown this place
Look at the sky wash this dirt off my face
Been workin' all summer, in the mood to play
If the rain don't stop today

Say hi say howdy
Say see you around
Well they ain't made a good time
I ain't found
Tell the weatherman
Send that stuff my way
So the rain won't stop today

Repeat Chorus:

Been workin' all summer, in the mood to play
If the rain don't stop today
