

# Nothing Better To Do

Charlie Robison

Well I woke up early today  
And I thought of seven different ways  
To like myself less than you do  
For any reason false or true

Chorus:

Now you dig me  
More than I dig myself  
And I'm in love with you  
Cause I've got nothin' better to do  
Got nothin' better

I just fish for sympathy  
For any reason pitifully  
You smile miles more than I do  
So I just bounce me off of you

Repeat Chorus:

Here you are again  
And here I am too  
Two parasite hearts  
Coexisting

Repeat Chorus 2x

Got nothin' better to do  
Got nothin' better to do
