

## Lost

Charlie Simpson

Sun rises in the east  
And it sets in my heart goodbye my love  
Told myself I love you  
And then again my heart, it shivers  
And I know  
Help me believe my song  
I don't need anyone, anymore, oooh

Just tell me where's the road  
That you attempt to hold onto  
Cause I've been lost, I've been lost for so long

You talk to me enough  
I'll take this pill  
Cause I don't need to love  
To keep myself still  
But I'm still believing, for you  
So we just take all of this behind  
Don't think we need these bones  
Can you just please turn yourself away from me  
I just can't look at you any more

Just tell me where's the road  
That you attempt to hold onto  
Cause I've been lost, I've been lost for so long  
I've been lost, I've been lost for so long
