Bathroom Song

Charlie Straight

One day in heaven, one in hell You couldn't catch me till I fell One day in peace and then it's war Fake plastic trees and blood and more

I'll show you the way out, way back home I know you've been waiting for too long

But I don't regret Any words we said I can hear the wind blow Now it's time to go

We are free, yeah You and me, yeah Don't you know? We can be

One time it's fine but then it's cursed Don't tell me why I'm not the first Some say the world is going down, down Some day I'll tell you what I've found

I'll show you the way out, way back here I know there's a way to make it clear

And I don't regret
Any words we said
I can hear the wind blow
Now it's time to go

We are free, yeah You and me, yeah Don't you know? We can be

We are free, yeah You and me, yeah Don't you know? We can be

You can sing this in the bathroom While you're having a shower While you're having a bath, yeah

Have a bath every hour Not just every night To make it right To make it right
