

Shall We Have a Baby

Charlie Straight

I am a boy
I am a girl
I am quiet shy
And you are so cool

I like your smile
And you like my hairstyle
Step and be closer
Don't be a fool

Love at first sight, lalala
Maybe we should get together
Love at first sight, lalala
Maybe this time it's forever

Shall we have a baby, ouu
Shall we have a baby, tonight
Shall we have a baby, ouu
Shall we have a baby,
If this is love at first sight

I'll be a man
When I grow up
You understand me well

You'll be a woman
When I show up
You hold my hand
I can't tell

Love at first sight, lalala
Maybe we should get together
Love at first sight, lalala
Maybe this time it's forever

Shall we have a baby, ouu
Shall we have a baby, tonight
Shall we have a baby, ouu
Baby,
If this is love at first sight

Ptadamta...
Ptadamta..
If this is love at first sight

Ptamdanta...
Ptamdanta...
If this is love at first sight

Ptadamta...
Love at first sight...
